

Sticky Caramel Apples

Serves 4 (but maybe 2!)

I came across this by accident. I have a thing for salted caramel and vanilla ice cream...one very piggy day I was eating apple crumble and vanilla ice cream and decided to be super greedy and have a spoon of shop brought salted caramel too, that was how this was born! You have to have vanilla ice cream with it...

- 30g butter
- 2 large peeled, cored and sliced apples
- 4tbsp of shop brought salted caramel sauce (usually found in the tinned fruit / ice cream sauces section of the shop)
- Vanilla Ice Cream
